**General Guidelines for Prospective Donors:**

The FFAC-PAC exists 1) to nurture and support qualified Filipino-American political candidates, and 2) to promote political, civic and social improvements for our Filipino-American Community. Our purpose is to support candidates in the political arena and to support ballot measures, initiatives, referenda, and propositions that are favorable to the Filipino-American Community by raising funds and engaging in political advocacy.

**Contributions or gifts to the FFAC-PAC are not deductible as charitable contributions for Federal income tax purposes.**

CA FFPC sets contribution limits that define how much a PAC may contribute in any calendar year. For specifics, refer to publication "California Fair Political Practices Commission: California State Contribution Limits" for specific detail.

WARNING: Some counties, like San Francisco, require candidates to follow strict rules and regulations affecting the maximum amounts a corporation or individual may donate to a campaign. For information, contact the Voter Registrar of that county.
